

Press Release

Gforce Electric Bike & Scooter
Chamblee GA.
770-457-7082

10/31/2008

Atlanta Merchant expands into Product that provides solution to GAS prices yet it is inexpensive, practical, green, fun and immediately available!

Recent history has demonstrated that gas prices will continue to oscillate and sometimes not even available as was the case this fall in Atlanta.

Atlanta now has a store that sells Electric Power Assisted Bicycles!

Electric Bicycles addresses the following issues for Atlanta:

- Fluctuations in Gasoline prices as well as availability.
- Renowned gridlock traffic and parking for Atlanta commuters.
- Contributing to living a greener lifestyle.
- Relatively inexpensive to other transportation alternatives.
- Pennies a day to operate and recharge.
- Does not require major fitness ability and can actually be used for physical therapy.

Providing a wide variety and exclusively electric bikes and immediately available at our location in Chamblee.

We represent the leader in Electric Bikes with over a decade of innovation and service throughout the United States.
